

JOB DESCRIPTION

POST: Staff Nurse

GRADE: Band 5

RESPONSIBLE TO: Ward Manager

JOB PURPOSE

The post holder will assess, plan, evaluate and deliver all relevant aspects of patient care in a caring, compassionate and sensitive manner. Work closely with the multi-disciplinary team and contribute to the clinical governance process. Act as a mentor/preceptor to junior staff, with specific responsibility for pre-registration students.

The post holder will take delegated responsibility for the management of the clinical team and the maintenance of high standards of quality patient care on a shift basis.

MAIN DUTIES & RESPONSIBILITIES

Clinical:

- Take overall responsibility for the coordination and safe effective management of the ward/clinical area on a shift-by-shift basis as delegated by the Ward Manager/Senior Sister/Charge Nurse.
- Undertake comprehensive health care needs assessment of patients, reassessing as appropriate.
- Collaborate with other health care professionals in the delivery of high standards of effective health care.
- Lead on the delivery of care, ensuring individual programmes of care are assessed, planned, implemented and evaluated.
- Use professional judgement when assessing patient needs/ problems and investigations requiring analysis and intervention.
- Organise own time and that of junior staff and learners.
- Provide clinical and professional supervision including allocating and checking the work of staff on the ward, and the clinical supervision of junior staff.
- Ensure that patient / ward information is communicated to the appropriate professional(s) of the multidisciplinary team.
- Practice in accordance with the NMC Code of Conduct and the Trust's policies and procedures, and professional guidelines in order that a safe and quality service is provided.
- Facilitate and encourage patients, carers and relatives to take an active role in care given and where appropriate develop plans that enable patients and carers to be independent as far as reasonable possible.
- Communicate effectively with dignity and respect to all patients, relatives, staff and others giving consideration to potential barriers to understanding.
- Provide and receive complex, sensitive information concerning patient's medical condition.

- Work towards the achievement of the shared objectives of the multidisciplinary team by collaboration to ensure that best practice is achieved utilising both clinical benchmarking and Evidence Based Practice to achieve this.
- Undertake practice sensitive to the individualised needs of all patients,
- Administration of medicines and treatments in line with NMC & Trust Policy
- Participate in the implementation and delivery of the standards set within the Trust Nursing and Midwifery Strategy.
- Demonstrate a duty of care towards patients' valuables, supplies, human and physical resources including accurate authorisation of time sheets and off duty in line with Trust Policy.
- Promote self-care and health education in the clinical ward/department.
- Be actively involved in all aspects of admission and discharge, engaging with other agencies and community teams to ensure a safe, individualised approach based on the assessment of needs.
- Undertake clinical skills with dexterity and accuracy to improve the patient experience and journey (i.e. venepuncture, cannulation, etc).
- Be competent in the correct use of all equipment used in the clinical setting in accordance with instructions and departmental procedures, reporting any faults as necessary.
- Maintain accurate, contemporaneous patient records in line with Trust Policy and NMC Code of Conduct.

Education and Development

- Demonstrate the mandatory competencies of the trust, attending all required mandatory updates.
- Act as a mentor/preceptor and a role model for all nursing and support staff encouraging a high level of motivation.
- Maintain own continuing professional development in accordance with CPD requirements and contribute to formulation of own objectives and personal development plan.
- In conjunction with the Senior Sister / Charge Nurse, contribute to the delivery of orientation programmes and induction for new staff and learners.
- Contribute to the maintenance of the learning environment.
- Adopt a reflective approach to own practice in an attempt to continually improve.
- Promote awareness of current developments in the specialty and seek opportunities to further own knowledge and that of others.
- Provide educational and supportive opportunities to pre-registration nursing students and trainee nursing associates to ensure placements satisfy all requirements of their learning agreements.

Research & Development

- Demonstrate awareness of how to identify relevant sources of evidence to inform practice.
- Demonstrate the ability to critically consider and analyse their own and others practice in light of best available evidence.
- Contribute to implementing the NMAHP Research Strategy and to develop a culture of critical enquiry.
- Undertake surveys, audits, research activity as required to own role, supporting recommended changes in practice.

Professional:

- Comply with the NMC regulations relating to revalidation to maintain NMC registration.
- Act as a professional role model, providing visible leadership to the nursing team and encouraging all staff to lead by example in their individual roles.
- Apply trusts policies, guidelines and protocols to practice and behaviour both for self and other staff.

- Actively participate in and attend ward/unit meetings taking part in quality improvement processes, eg. Link nurse roles.

Leadership

- Contribute to the Clinical Governance processes, within the ward/department.
- Demonstrate an overall awareness of quality issues and a commitment to continuous quality improvement.
- Deal personally with patients, relatives or visitors who make a complaint in line with trust policy taking all appropriate steps to resolve any issues raised.

MFT Values and Behaviours Framework ‘Together Care Matters’

This below table outlines the types of behaviours you’d be expected to exhibit if you were living our Values and Behaviours effectively within your role.

Value	Behaviours we want - Examples of this Value in practice
Working Together	<ul style="list-style-type: none"> • I listen and value others views and opinions • We work together to overcome difficulties • I effectively communicate and share information with the team • I do everything I can to offer my colleagues the support they need
Dignity and Care	<ul style="list-style-type: none"> • I treat others the way they would like to be treated – putting myself in their shoes • I show empathy by understanding the emotions, feeling and views of others • I demonstrate a genuine interest in my patients and the care they receive • I am polite, helpful, caring and kind
Everyone Matters	<ul style="list-style-type: none"> • I listen and respect the views and opinions of others • I recognise that different people need different support and I accommodate their needs • I treat everyone fairly • I encourage everyone to share ideas and suggestions for improvements
Open and Honest	<ul style="list-style-type: none"> • I admit when I have made a mistake, and learn from these • I feel I can speak out if standards are not being maintained or patient safety is compromised • I deal with people in a professional and honest manner • I share with colleagues and patients how decisions were made
